

Grace and hope to feed and grace my fears relieved. My precious dear grace of the hour I pray.

Amen. Amen. Praise ye the Lord. We bless the name of the Lord once again as we come in to broadcast the word of the Lord. We thank God for his help upon our lives. And as we come together, we want us to bow down our head and our heart so we can pray together.

Ancient of this, we thank you. Lord, we bless you. Lord, we appreciate you. This is now yet another opportunity, another time that you are bringing us together under the heavens and on earth. Lord, to worship together. Lord, I want to present our offering of worship unto you. Father, we want to thank you for the opportunity.

I want to thank you, Lord, for the grace. I want to thank you for the power, for the strength you've given unto us. Father, as we gather together, the Bible says, the guardian of my people shall be unto me. Therefore, as your mouthpiece and as your priest, I come to dedicate this gathering to the God of the heavens.

God of heavens, God on earth, God even that has brought us together. I dedicate, Lord, even the garden unto you, the God of heavens, in the name of our Lord Jesus. Father, take over. Lord, take charge. Be in charge of all the words that will come out. All the listeners, Lord, be in charge of their errands.

Be in charge of our atmosphere. Be in charge of our environment. That the name of the Lord may be glorified. Quicken us in the realm of the spirit. Father, bring us together in the spirit and not in the flesh. That your word may come expressly without any delay. That the name of the Lord may be glorified. Thank you, our Lord Jehovah. Hallelujah be unto your name. In Jesus' mighty name, we have prayed.

It is time to favor Zion, O Lord, have mercy upon me. Once again, my name is Wale Ajimotorareje, the founding pastor of Rewyasi Church International in the United States of America, state of Maryland. It is time to favor Zion, O Lord, have mercy upon me. It is time to favor Zion, O Lord.

Have mercy upon me. It is time to favor Zion. Oh, Lord, God arise. God arise. It is time to favor Zion. Oh, Lord, have mercy upon me. It is time to favor Zion. Oh, Lord.

For God has come.

shall not fail in the name of the Lord Jesus. And you will never miss that appointment in the name of the Lord Jesus. I have the title of the word of God before me that talks about building for eternity. Building for eternity. I'm going to read the scripture from the book of St. Luke chapter number 14. I will start the reading from verses 22

25 to 30. Luke chapter 14, 25 to 30. Now great multitudes went with him and he turned and said to them, if anyone comes to me and does not hate his father and mother, wife and children, brothers and sisters, yes, and his own life also,

He cannot be my disciple. And whoever does not bear his cross and come after me cannot be my disciple. For which of you intending to build a tower does not sit down first and count the cost, whether he has enough to finish it?

Lest after he has laid the foundation and is not able to finish, all who see it begin to mock him, saying, This man began to build and was not able to finish. One of the names of our God is Alpha and the Omega. That is the beginning and the end.

that everything that has a beginning must have an end. Therefore, I prophesy as we go into the body of the message, the anointing of Omega upon your life shall come expressly. As you have started this narrow path of righteousness, the Lord will help us to finish well because the Bible says the end of a thing is better than the beginning thereof. Do you have any abandoned project?

Do you have, you know, unending sickness in your life right now? I pray that Lord will bring it to an end.

That's your project you will finish when? In the name of the Lord Jesus. Every spiritual resources, emotional resources, physical resources, you know, that you will need to complete it to finish where? That Lord will give unto you. So the kingdom of darkness will not mock you in the name of the Lord Jesus. Building for eternity. Jesus was speaking here.

Jesus was talking to his disciples and many other people because it was after the parable of the great supper. Then he came to a level when he left that scene, he was going and he was preaching and teaching people. And the Bible says, a great multitude went with him and he turned and said to them, if anyone comes with me,

must hate his father and mother and wife and children, brothers and sisters, yes, and his own life. Also, he cannot be my disciple. I look at this and I said, oh wow, so I need to hate myself before I could follow Jesus Christ. And the title talks about building for eternity. Does this correlate? Yes, literally you may say, no, it does not correlate, but spiritually it correlates.

Because if you read further, he's talking about from verse 28 said, for which of you intending to build a tower does not sit down first and count the cost, whether he has enough to finish it. Everything that we are doing and the parable, the word of Jesus that Jesus spoke here,

You know, stand time on to building your life, building everything that you are doing. As you are working as a teacher, you are as a nurse, as a professional, as a computer analyst, as a computer guru, as an engineer, you are building everything for eternity, nothing else. Because everything you build on earth here,

You can inherit it. Even if your children inherit those things that you live on earth, definitely they will still live it again. So who owns it? Nobody. But the one you will build that you will enjoy forever.

that is building for eternity that is the most one that is so important paramount and has spiritual benefit building for eternity so when the what does it connote when we're talking about building for eternity you can ask the question am i a builder have i gone to the university to study you know building technology or civil engineering

Am I at college to study all of these professional courses? No. But we're talking about everything packaged together. Your life packaged together. Every of your integrity of your life packaged together talks about you building. You are building something.

Even on that, you know, you want to build a house, you know, you go and walk, you go and do this, you know, you want to cook, you want to eat food, you are trying to do all of those things to make sure that things package together. But coming, you know, spiritually, all of your life, your life endeavor is in the process of building.

You are building something. So when your activities, your life, everything, your day-to-day activity, the integrity of your life, no hustling and bustling, no crisscrossing the axis of the world to look for a greater pasture, you are building for something. You are building for eternity.

Either you like it or not. So you have to be careful the way you handle your life. You have to be careful the way you build as you go in the face of your face of life. Our Lord was referring here to a cost which we have to count, but to a cost which he already counted. God has counted some costs about building for eternity.

The cost was those 30 years in Nazareth that he spent, those three years of popularity, scandals and hatred, the unfathomable agony he experienced in Gethsemane and the assault upon him at Calvary. Those are the costs.

As he was going, you thought maybe he was preaching only, he was teaching only, he was healing only. No, as he was doing all of this, he was building for where he will end up. Maybe you are in America, you are in the Western world. You may want to begin to build a house in your home base that when you now go back to base,

You have somewhere even to lay your head until God will ring the bell. Say, come on, come on. So literally, that means as you are working here, you are doing overtime, you are doing 16 hours, you are doing two jobs, you are doing everything. You are building for your home. Where you are going? Physical home. You're sending something home to put structure together for you. So when you retire back home, you have somewhere to lay your head.

Exactly that one is directly proportional to the heavens we are going. That is why we're talking about building for eternity. So as we come together, Jesus Christ was not talking about the physical cost here, but the cost of how he built heaven.

For his eternity And we as his followers To follow in that dimension To begin to build for our own eternity He laid down the prototype He laid down the structure He laid down the foundation

How we could build ourselves, build structure, build all of those things we are doing through our activities, through our spoken word, through our heart, through our religion, through our family, through our marriage, through our children, through our job, to build for eternity that we are going. Jesus Christ came here. He built...

That structure. He built all of those things he went through. The agony even in Gethsemane. The hatred upon him on the cross of Calvary. And the 30 years in Nazareth. All of those things he went through them to build for eternity. Now, if I can ask you a question. Where is Jesus today now? Is he in hell or in his kingdom of his father?

He made it. He came here. He built everything. He didn't build up as suddenly. He was building according to commandment of God. He was building through instruction. So on the final analysis, Jesus Christ has counted the cost. People are not going to laugh at him and say, this man began to build and was not able to finish well.

The thieves that were nailed alongside with him on Calvary, the one on the left side, that was saying, was mocking him, that you did not do well, that's why you were here, he ended up in hell. But the one that knew that Jesus Christ built well, that Jesus Christ did well according to the instruction, according to the parameter of his God,

And ask him for favor. That please if you get to your father's kingdom. Remember me. And he replied. That today you will meet me in the paradise. Hallelujah. Hallelujah. That Luke 14. Chapter 3. Verse 3. Zero. Say. This man began to build. And was not able to finish.

Why? Because while he started the building, he did not take the cost. The survey plan is all in your hand, but did you go about how to know how much you're going to package together, how much you're going to need to build the house or what you will possess?

To be a good spiritual builder to where you are going. So people will not mock you. So when you get to heaven, Satan and his cohort will not come together to mock you. Listen, that your character is what you are building. You can build it in a way that you will be blameless across the globe.

And if you want that character, you know, that you will be blameless. It doesn't matter what people say. Don't worry about that. But what really matters, are you building according to the structure of God so you can make it to heaven?

People, you know, like a pastor, prophet can talk to you, can even advise you, can preach to you. You might disagree that the pastor, the prophet, they are man. Yes, good. But you want to build it in your own way. So be it. But you can't pretend as if you have not heard how Jesus Christ built it.

The first level When Jesus Christ started And began to tell them How to build He said you must first of all Come as a disciple

And the criteria, the requirement to come as a disciple is to hate everybody, to ignore everything. Not that you will not have wife or husband, or you will not have marriage, you will not have job, you will not have sister, siblings. Jesus Christ had one. He had, you know, siblings with him. But they will not take priority in your life.

Jesus Christ must take priority, even your own self, when he says even you must hate yourself, that means you must hate your flesh. Because the Bible says flesh profit nothing. It is the spirit that give it life. So you must hate your flesh. Your flesh now will be dictating a whole multiplicity to you, a whole interest of yours to you, for you to fulfill.

It's not left for you to know and to say no. Flesh, I need to hate you at this time to do the will of my father so you can finish well. So that is why it says in verse 26, if anyone comes to me and does not hate his father,

Look at that word. Jesus spoke it by himself.

You cannot be, and it's a parable that Jesus was talking about. Talking about how you prioritize your life, how you prioritize the way you live. Do you prioritize your life to please your wife, to please your husband only, or to please your children only? Some people can die because of their children.

They will say, don't worry, don't worry, don't even do it. Do it because of your children. You are doing it because of your children or because of what God says? That mentality is very wrong. They will begin to tell you, they will begin to admonish you that don't worry. Just accept this and move on with it because of your children. Let me ask you,

If you are childless, if you know God has not opened your womb and you are in that situation at that time because there is nobody that is buried in the Bible. If you know at that time you haven't gotten any children, no food or boom, and you are in that situation, what is going to be the admonition to you? Because of what? How are they going to talk to you? Stay there or do something because of what? Because there are no children now.

So you have taken the children as your priority More than our God Praise the Lord So when we are talking about building for eternity What does really connote when we are talking about this eternity?

Eternity is a very long or seemingly endless time or life The timeless state following death That is eternity And eternity has two phases Which I am going to catalogue for you real quick

Number one is L-O-F Number two is K-O-G The one L-O-F, that's lake of fire If you go there, if you end up there That is your eternity forever And just one of your fingers will burn for 200 years Then you will be in agony forever and ever

Brethren, when you have a lighter at your home and the lighter not hot your finger, how do you feel? You will feel so hot. Compare with when you've been thrown into the lake of fire. I pray for somebody. Your eternity will not be lake of fire in the name of Lord Jesus. The second phase is KOG, kingdom of God.

K-O-G, kingdom of God. So those are two faces of eternity. L-O-F and K-O-G. Lake of fire and kingdom of God. And there is a requirement on ground to follow. The way to build and package your life. For you not to end in L-O-F but to end in K-O-G. Brethren, the condition of disciples...

Or the condition of discipleship given by Jesus Christ By our Lord in verse 26, 27 and 33 Is so profound Is so well spelled out by him That says if anyone comes to me

and he does not hate his father, mother, sister and himself. You cannot be my disciple. How do you want to get to the kingdom of God without being the disciple of Jesus Christ? And you say Christian. They call that name after Christ. Brethren, verse 27 says, and whoever does not bear his cross...

And come after me Cannot be my disciple What is the cross? Some will have problems Some when they have problems That is when you know whom they are They will deny God They will begin to look for another alternative To help God We were discussing in our house yesterday We said When you go to Herbalists Astrologers Astrologers First prophet

There is no one you will go to That will ever tell you that they cannot solve your problem Tell me You that are fond of that Go to you know first prophet Or go to herbalist Go to the priest And bring your problem before them Have they ever told you before that they will not be able to do it Even the person will be dying They will say don't worry This is what we are going to do Go and do this Go and do that And they don't have any other power But even physical hospital

If you take any patient to the hospital and the patient is going through one ailment or one chronic sickness or terminal disease, they will say we cannot handle it. They will refer the patient to people that can handle that particular ailment. But when you go to help God, to seek help where there is no help, they will never tell you that they cannot handle it.

they just deceive you then you begin to follow you know dogmatically you begin to follow like you know thomas and stuff like that so verse 23 now says so likewise whosoever of you does not forsake all that he all that he cannot be my disciple what do you mean by all that

Meaning that all that to forsake your life, to forsake your flesh, to forsake everything that can hinder you to build properly for eternity. That is what the Bible is talking about there. So then that condition that is there means that the men and women

That's going to use in his mighty building enterprise Because God has mighty building enterprise Those in whom he has done everything with And everything for He got to the cross of Calvary He said he's finished it

You that subscribe to his majesty You that subscribe even to his sovereignty You that subscribe even to his structure To his plan, to his move That of a truth Jesus has finished everything for me Jesus has

done it And you want to follow the way he laid it down Step by step, precept by precept Those are the people that he will depend upon That they will come and reign with him in eternity

What shall it probably demand? To gain the whole world You building house in your home base In your hometown In everywhere In every city you go to You build a house there And when you die, will you be able to gain? The Bible says, what shall it probably to gain everything? You gain America With Africa You gain all the six continents They make you super president Over all the six continents They make you king over all the cities

But mind you, a day is coming. A day of reckoning. A day of the Lord. That either you like it or not, that you will give up. That you will leave all of these things. The question is that, do you even plan, build for where are you going? Do you build yourself? Do you plan, do you package yourself that one day I will transcend?

I will leave this sinful world. I'm going somewhere. Do I want to go to lake of fire? Or do I want to go to, you know, eternity? My father, you know, when he was alive, he was so brave, so brilliant, you know, or blameless. You know, he knows how to do things. He would never offend you. He wouldn't want to offend anybody. Carry himself very well. He would pray, you know, in opposite direction. He would pray in direct direction.

That oh God do not let me sick. Do not sickness come upon me. He will pluck kind of prayers. Eventually he died. Talk to me now. What are you talking about? So if you refuse to subscribe.

To the sovereignty of Christ Jesus. At this time, there's no way you will not miss that kingdom of God. And I pray that you will never miss that kingdom of God in the name of the Lord Jesus. To be blossomed is good or not? Even to be established is good or not? Even to live a fulfilled life is good or not? To become a professional even or not is good?

To become a multi mega billionaire is good or not? Like Bonke, you know, late evangelist Bonke, you can become anything. You can fly two planes at a time. You are flying it with technology. You fly this one, you fly this one, and you are inside one. Even you can be on that to fly. Recently, America came back from the moon with what they call Dragon Jet. But they're not half-messy.

you know the astronauts you know when they were you know saying their experiences i said god have mercy because after astronauts there are people that you know train how to fly in airs you know or aerospace you know that goes you know into the air into the you know and stuff like that praise the lord so verse 26 is talking about the people like him

People that will be his disciples must be like him Those who love him passionately, personally and sacrificially With great devotion If you say you love God, it is not easy to do it because Abraham claimed that he loved God And God said, I am going to test Abraham You are the father of faith

The evidence of things not seen. The hope of things that you hope for. Okay, I'm going to test it. I'm going to test you. He tested him. He sent him. He sent a message to him. That at 100 years, he gave him Isaac. And later on said, the Isaac that I gave to you, you have to sacrifice it unto me. Says the Lord. I know people will begin to struggle with it. They will begin to run after scatter. They will begin to go and hire people.

Prayer contractors that cannot help themselves. Pray for me. Please pray for me. They begin to see what they didn't see. They begin to prophesy lies for you. Abraham didn't do that. He said, here I am,

God. He obeyed God, not knowing that God was testing him. Brethren, as we are building, according to our Sunday school today, God is testing you.

with that no problems. God is thirsty without all that trials but God wants to be patient in him, to build according to his structure, to love him passionately, personally with great devotion. Your life must be devoted to him in this building process as you are building for eternity. Thus,

Who have a love for him that goes far beyond any of the closest relations. That's what Jesus meant there. Jesus was talking there that you must be devoted to me. You must love me more than your father, your mother. The same thing Jesus Christ went to marry in Cana of Galilee and bless them.

and turn water to wine so he loved marriage too you know he subscribed to it too if you read Ephesians chapter 5 from verse 22 talking about marriage do the wife submit to your husband and husband love your wife so God instituted marriage from the garden of Eden on top of that God Jesus is now calling you now that do not place marriage before marriage

me place me before god that is where the scripture now relevant that seek ye first the kingdom of god that kingdom we say you should build for now and the right and righteous and righteousness all other things shall be added unto thee that's when marriage comes that is when no job come that's when traveling come that's when everything come green pastures come

So you must know love God more than the closest relations to you. That's the meaning of that place. The conditions are strict but glorious. The conditions are really difficult but divinely glorious. It's glorious. All that we build is going to be inspected one day. You know that?

All that we build is going to be inspected that day. Inspected by Trinity. Let's quickly see the book of Amos. Amos at chapter 7. The book of Amos at chapter 7. From verses 7 to 8. Thus it showed me, behold, the Lord stood on a wall made with a plumb line.

with a plumb line in his hand. And the Lord said to me, Amos, what do you see? And I said, a plumb line. Then the Lord said, behold, I am setting a plumb line in the midst of my people Israel. I will not pass by them anymore. The plumb line, if you are a bricklayer or you are a building engineer, you know a plumb line. To know that things are square.

They will put a plumb line upon their job to see that their job is not out of specification. And God is saying here that I will send a plumb line in the midst of my people to measure your job, to measure the way you build. And if you don't build well, I pity you. Zechariah, again, the book of Zechariah, Zechariah, the book of Zechariah, chapter 1.

chapter 1 verse uh gospel chapter 1 i want to read verse 6 let me read because sacra chapter chapter 1 i want to read verse verse 6 real quick sacra chapter 1 no verse 16 verse 16 said therefore thus says the lord i am returning to jerusalem with mercy my house shall be built in it

Says the Lord of hosts And a severe land Shall be stretched Out over Jerusalem Again proclaim saying to them Says the Lord

The city shall again spread out no true prosperity. The Lord will again comfort Zion and will again choose Jerusalem. Hallelujah. Look at that verse 16. It said, I will return to Jerusalem with mercy. My house shall be built in it, says the Lord of hosts, and a surveillance line shall be stretched over Jerusalem to survey, to see,

Jerusalem that has been built is being built according to God's pattern, according to God's structure and specification. Brethren, as you are building, do you build to pattern? Do you build even the way

God asks you to build for him? Or you are building according to yourself? Or you are building according to your own pattern? So, when God inspects us,

With his searching and refining fire Will it detect that we have built enterprises of our own On the foundation of Jesus Or we have built the enterprise of Jesus Christ Upon the structure of Jesus Which Jesus Christ laid for us 1 Corinthians 1 Corinthians at chapter 3

From verses 10 to 15. Let me read quickly. Which is Jesus Christ.

Now, if anyone build on this foundation with gold, silver, precious stones, wool, hay, straw, each one's work will become clear. For the day we declare it because it will be revealed by fire and the fire will test each one's work of what sort it is.

If anyone walk which he has built on his it endures, he will receive a reward. If anyone walks is burned, he will suffer loss, but he himself will be saved. Yet so as through fire. I pray as your walk will go through fire, will not get burned in the name of Lord Jesus. God was talking here about how to build a

Do you build according to the pattern of Jesus? Did you even sit down to ask yourself, as I am building, how do I finish where? That's why you go to church to go and see the cost. To see pastor talking to you, preaching to you, Sunday school, Bible study. Bible study, Sunday school, coming to church to listen to the word of the Lord. People will humble themselves at that time.

When they get out there, they still come to themselves that this is me. I want to do it the way I feel I could do it better to satisfy myself. You are satisfying the body and the flesh that will go to the grave that will be born one day.

Why can't you deny the flesh? Why can't the flesh be cheated? Why can't the flesh even be slammed, be dragged into the mud? Why can't the flesh be tongue-lashed and rubbished? For you to gain your eternity, for you to gain your heaven. Brethren, come on now. Paul is saying here,

That according to the grace of God Which she has given me as a wise master builder Why can't you become not master builder I have a company in Africa I know about a company in Africa That called master builder Particularly in Nigeria But this place put wise Wise wise master builder

Why does he need to put wise there? You need to be wise You need to acquire wisdom of God To build this structure we're talking about To build for your eternity And one thing you must know is that Building for eternity You are not building no eternity for anybody You are building it for yourself You are not building eternity even for your children You are not building it for your wife Or for your husband You are building it for God

If a wife trying to build it up, you know, to cover the husband, to cover the children, you cannot scold the children, you cannot tell the children the truth, you cannot tell your husband the truth, that means you are not helping him, you are not helping them to build for their eternity. Why can't you let them build, help them? If you cannot help them, leave them. If you cannot help them, go on your knees and begin to intercede for them.

To build for eternity So Paul was saying here That I was a master builder I have laid the foundation And another built on it So Jesus is talking about The foundation that Jesus Christ laid That he saw And Jesus is the wise master builder I have laid the foundation for you To follow

And Paul laid his own foundation with his character. With the word he preached. And he was writing everything by the expression of God. For us to follow. And he says, I have laid the foundation. Verse

10. And another built on it. But let each one take heed. Look at that word. How he built on it. Let everyone take. So in the foundation you must follow.

If you want to build a house and the foundation is laid, the builder must follow the pattern of that foundation. Otherwise, the house will crumble. And if it crumbles, that means you're going to start again. You may not have the ability even to start again. That is the end. The same way, when you are not building for K-O-G, Kingdom of God, then you're building for L-O-F. You must build for one.

You must build your life for one because there are two faces to it. No third face, no fourth face. Lake of fire, kingdom of God. Where do you want to build? As you are building, where do you want to end it? Do you want to end it to your building? And the building is in your hand right now. You still have the ability to turn around. Say, Pastor, what can I do? When, you know, Paul, when Peter...

in the book of Acts chapter 2, the first church, when they were preaching to people, the people of the house of Israel, and people came to them, oh, please, what can we do to be saved? You have to accept Christ Jesus Christ and be saved. That's 35,000 was added to the church that day. Why can't you turn around today? Either you like it or not. That's even your parent you cling on to.

That even your husband you cling on to. That your children you cling on to. That your friend you cling on to. That your job you cling on to. One day they will leave you or you leave them. The prayer is that you will fulfill your days or not. Even if I pray for you to fulfill your days, you fulfill your days. Fulfill your days with 100 years. Fulfill your days with 120 years. One thought that I want to bet with you. A day will be praying for you to even go.

They are praying for you to live long life. Okay, God has blessed you with long life now. 130, 140. Yes. Then you begin to pray that you must expire. Are you going to live forever? No. Take it on the way you build. You build on the foundation of Christ Jesus. Verse 11 says, For no foundation can anyone lay.

Than that which is laid Which is what? Which is Jesus Christ Look at that If anybody is telling you That you know Bring this concussion They call it a concussion Forgotten What they call it They wear it To the parting road That Bible says Become a trained sorcerer Become a foreteller

Become all kind of things, this is good God knows about it, become a winch Black winch, white winch, become all kind of stuff, fine But I want to assure you Their foundation is on falsehood It's on Satan The only foundation that is true foundation Is Christ Jesus There is no other way to it There is no, no, don't worry I know what I am doing I can do it myself

Yes, I don't care what people say. Who cares what people say? We are not talking about what people say. We are talking about what the scripture says. We are talking about what the Bible says. We are talking about the foundation of Christ Jesus. What he laid down. Remember, the Bible says, He had the epistle written in our heart, read and known by all men.

you can justify anything no problem nobody's criticizing you nobody's saying it's it doesn't matter how you handle it even people are not talking they leave you to live your own life the way you want to live it but remember that you are building either for lof lake of fire or koj kingdom of god in the place of building

There are spiritual Instruments you must possess Because if you read that verse 11 For no other foundation Can anyone lay than that Of which Jesus Christ laid Now if anyone build On this foundation With gold, silver Precious stone, wood, hay So each one's work Will become clear For the day We declare it

because it will be revealed by fire and the fire will test each one's work of what sort it is when death comes there's nothing you want to do again the time has come the angel will appear either the dark angel, angel of the devil, angel of God your work has ended the next thing the Bible says it has been appointed unto man to die once after death

judgment and you go to go before the lord for your work to be tested so there are some instruments i want to close now there are some instruments you must possess number one you must be able to appear before the lord appearance before the lord really really matter people doesn't appear before the lord but they like to appear before the pastor

They like to appear before the first prophet They like to appear before the harbalest They like to appear before the president When they tell them president is coming Tell them governor is coming with entourage Their best suit Their best shoe They will put on everything When they write their report When they write their speech They will give it to professional Even to very speech So they can present it You know to the governor They can present it even to To the president

But they will never, you know, appear before the Lord. I pray that Lord will make you to appear before the Lord. Listen, when you appear before the Lord, you will never remain the same. Abraham appeared before the Lord, he was never remain the same. Noah appeared before the Lord, he was never remain the same. People that appear before the Lord, Daniel appeared before the Lord, never remain the same.

Why don't you choose to appear before the Lord? That's the first instrument. If you don't appear before the Lord, the day God appeared to Joshua, Joshua didn't know. Joshua was an high priest. He didn't know that he was clothed with filthy garments. But the day he appeared before the Lord, God instructed them to take away the filthy garments. Now Lord, take away the filthy garments from your life in the name of the Lord Jesus. The Bible says you should appear before

In the presence of the Lord. Who shall stand in his only place. Then they have a pure heart. And clean hands. And you can't just appear before the Lord. You can appear anytime. But not anyhow. You can appear anywhere. But not anyhow.

You have to appear properly. You have to appear the way God wanted to appear. Through your heart. In the Old Testament, it talks about a flat nose, bare face, hunchback. It talks about all of those things. Eczema. That you cannot appear before the Lord with all of that. When talking about priests and stuff. But this time, God needs your heart. What is in your heart? There is hatred in your heart. There is bitterness in your heart.

There's unforgiveness in your heart. There is no unloving in your heart. There is no you cannot give in your heart. Unbelief in your heart. And you think you are appearing before the Lord. Nobody is judging you. But you are judging yourself. The Lord gives you understanding. The Lord helps you that you will be built for kingdom of God. You must be able to appear before him for building instruction.

Some of the building instructions, the way you dress. You know the way you dress is part of it. The way you make up, they call it make up. And I was checkmating somebody yesterday. I've forgotten the person. I said, don't criticize anybody. Don't talk about people that make up. It is not their fault. So you know what? Because they are not up to up. They are not up there. They want to make it up. That's why they are making up. So let them make up because for you that are up there, you don't need to make up because you are up there already.

So the prayer you be praying for them As they are making up So they don't make mistake So they don't make mistake to cause cancer upon themselves To cause problem upon themselves And the rest of the people that are not blessed They are making up So they can make up where You are a liar You lie You manipulate And you think you can appear before the Lord Ananias and Sapphira could not appear before the Lord Because they lied If you are a liar Please desist from it

if you are a backbiter this is for me you can't you can't appear before the lord on that note if you are a gossiper you can't appear before those are the parameters those are the measurements look at look at the primary to appear before the lord and you have to come if you have a a a you have to say a broken heart and a contrite spirit i will not despise appearance before the lord the last one i'm going to say then i begin to round up to pray

You must be able to have faith Faith and trust Faith and be born again Get your hope up Get the Bible's hope of things up for Let's look at Hebrew The book of Hebrew quickly as I'm rounding up The book of Hebrew chapter 11 verse 1 Hope, it's talking about faith It says, now faith is the substance of things

Hopeful, the evidence of things not seen. For by it, the elders obtain a good testimony. You must be born again. So your hope in Christ Jesus will be buffed up. Will rise up. So it will raise your expectation. Your better days are in front of you, brethren. You know, in challenging times, it may be hard to see better days ahead.

You may feel as if struggle will never end. That day will never turn around for you. This is exactly the moment to put your faith into action and expect God's blessing in the place of building for your eternity. Why can't you have faith and have trust in God, brethren? Why can't you have your buildings?

Building faith. As you are building, you build with faith and trust in the Lord. You can't just be like that, that you are building for eternity and you don't have faith in God. Or else, some will continue to be, they will say, I am for Satan. They are building for the kingdom of no darkness. They are building to go to L.O.F. Brethren, you have heard the word of the Lord.

I'm let to pray for somebody You know That has an abandoned project Abandoned project doesn't mean that you are building a house Or you started a curse You've been born again before You've been following cast But you are backsliding That's abandoned project Your abandoned project may be that you are so loving before But because something has happened to you You don't love anymore

You know, it may be that you have signed a course that will take your star out All of a sudden, the course, you stop it because of something Maybe the lecturer is so wicked to you Maybe the professor is doing something good, you give up I don't know your own abandoned project Even you may be building houses at this time But it's not progressing anymore Those are abandoned projects You have a marriage that is not fulfilling again That's an abandoned project

You have a marriage as if you don't have marriage. You are suffering inside marriage. Maybe you have separated already. You are somewhere. You are suffering somewhere. The husband is somewhere. The wife is somewhere. The children are somewhere. They just scatter. You are not together. And you still call yourself husband and wife. You still call them your children. Even you still bear the name of that husband. Even your children still bear your name. And they are not under your roof. Brethren, how are you building? You are building for eternity.

I want someone to close his eyes as we begin to pray right now. I want to lay your hand upon your heart where you are. That God, I've heard this word, building for eternity. I need your grace. Grace to build according to inspection. To build according to your pattern. Thank God. Thank you, Jesus. Jesus, mighty name, we have prayed. And tell God that that may abandon project.

as i begin to pray for you now that god will give me power anointing of omega to finish well thank you father i saw lord want to thank you lord we appreciate you because you are a good god thank you for what you have done what you are doing what you are here to do we give you praise we give you honor we give you adoration lord we have shared your word to your people to build for their eternity i pray that every foundation

Every authority that may be militating against their dominion power in the place of building for kingdom of God. Father, let such foundation crumble in the name of the Lord Jesus. Whatever that is now facilitating them to build for lake of fire. Father, deliver them in the name of the Lord Jesus.

Father, bring them to your presence. Whatever the spirit that is behind them that will not allow them to build according to pattern, according to structure, according to the foundation that Jesus has laid down, deliver them in the name of the Lord Jesus. I profess about somebody, everyone going through one abandoned project or the other today.

That Lord deliver you. That Lord bring Lord. Even help. Grace from heaven upon you. To finish well. So shall it be. Thank you Father. Hallelujah be unto your name. In Jesus mighty name.
